

WaterSure

Application form

We can help if you have a low income and your water is supplied by a meter. We can help by putting a limit on your charges for water and sewerage services, if you meet the following conditions:

1. Your supply is **metered**
2. The person who pays the water bill or someone in your household receives **benefit** (please see page 3 for a list of benefits which qualify) or **tax credit**; and
3. Either:
 - a) The person receiving the above benefit also claims Child Benefit **for three or more children** under the age of 19 living in the household; or
 - b) you or someone in your household has a **medical condition** that means they use a lot of extra water.

This year the reduced charges for the scheme are:
£169.00 for water and £195.00 for sewage charges
for the period 1 April 2024 to 31 March 2025

If your current charges are more than this, you may be entitled to pay the reduced charge. Once on the scheme, if your actual metered bill is lower than the reduced charge, we will only charge you the lower amount.
