Yorkshire Water Services Limited

Statement of significant changes in Charges 2019-20

- The company is not expecting there to be any bill increases for either business or residential customers groups of more than 5% from the previous year for a given customer type assuming a constant level of consumption.
- The application of wholesale revenue forecasting incentive mechanism (WRFIM) in 2019-20 has resulted in a reduction of (£3.86m) on the wholesale water revenue allowance and an increase of £7.79m on the wholesale wastewater revenue allowance. The adjustment is due to the over and under recovery of revenue in 2017-18.
- There has been no significant change in the charging policy by the company between 2018-19 and 2019-20.
